

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Flower	Aster	<i>Callistephus chinensis</i> 'Duchess Apricot'	ANNUAL	28"		Sun/Part Sun	Heat resistant. Attracts pollinators. Good cut flower.						X	
Flower	Bachelor Button "Black Magic"	<i>Centaurea cyanus</i>	ANNUAL	20-24"		Full sun	Deep maroon color, drought tolerant, great dried or cut flowers, will self sow for another season					X	X	
Flower	Bee Balm 'Bergamo'	<i>Monarda Citriodoro-Hybrid</i>	ANNUAL	2'		Full/part sun	Short-lived perennial usually grown as an annual; mildew & disease resistant			X			X	
Flower	Butterfly Weed	<i>Asclepias curassavica</i> 'Silky Deep Red'	ANNUAL	3'		Full Sun	Pest and disease free, deer resistant, attracts pollinators		X	X		X		
Flower	Calendula, Pot Marigold	<i>Calendula officianalis</i> 'Flashback'	ANNUAL	20"		Sun/Part Sun	Long blooming, edible flower							X
Flower	Calendula, Pot Marigold	<i>Calendula officianalis</i> 'Zeolights'	ANNUAL	12-24"		Sun/Part Sun	Attracts Pollinators, cut Flower, deer resistant, drought tolerant, edible flower		X	X		X	X	X
Flower	Canterbury Bells 'Calycanthema Mixed'	<i>Campanula medium</i>	BIENNIAL	2' - 3'		Sun/Part Shade	If you live in a very hot area, provide shade. Prefers moist, well-drained loamy or sandy soil							
Flower	Carnation, Chabaud Giant	<i>Dianthus caryophyllus</i>	ANNUAL	18-24"		Full sun	Mixed colors							
Flower	Chinese Pinks 'Velvet & Lace'	<i>Dianthus chinensis</i>	PERENNIAL	6-12"	6-12"	Full to Part sun	Attracts hummingbirds, can be used in sachets and make excellent cut flowers			X			X	

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Flower	Coleus 'Fairway Orange'	<i>Solenostemon scutellarioides</i>	ANNUAL	8-10"		Afternoon sun or filtered shade	Good in beds, containers & hanging baskets							
Flower	Coleus 'Premium Sun Dark Chocolate'	<i>Solenostemon scutellarioides</i>	ANNUAL	24-30"	18-24"	Part shade	Can tolerate full sun if humidity is high							
Flower	Coleus 'Wizard Velvet Red'	<i>Solenostemon scutellarioides</i>	ANNUAL	12-14"		Filtered/afternoon shade	Tolerates sun, heat & humidity unusually well for a coleus 5							
Flower	Coreopsis 'Double Sunburst'	<i>Coreopsis lanceolata</i>	PERENNIAL	3'		Full sun	Attracts Pollinators, Cut Flower, Deer Resistant, Drought Tolerant, Heat Tolerant		X	X	X	X	X	
Flower	Cosmos	<i>Cosmos bipinnatus 'Rubenza'</i>	ANNUAL	2'		Full Sun	Drought tolerant, attracts pollinators			X		X		
Flower	Cosmos "Apollo Lovesong"	<i>Cosmos bipinnatus</i>	ANNUAL	18-26"	24" wide	Sun, tolerant to heat	Disease resistant, 4" pink and pink and white blooms							
Flower	Cosmos 'Rubenza'	<i>Cosmos bipinnatus</i>	ANNUAL	24" – 32"	28"	Full Sun	Attracts Hummingbirds, Attracts Pollinators, Cut Flower, Drought Tolerant			X		X	X	
Flower	Cosmos 'Sea Shells Blend'	<i>Cosmos bipinnatus</i>	ANNUAL	3'-5'	18"–36"	Full Sun	Attracts Hummingbirds, Attracts Pollinators, Cut Flower, Drought Tolerant, Deer Resistant		X	X		X	X	
Flower	Cosmos, Sonato Purple Shades	<i>Cosmos bipinnatus</i>	ANNUAL	2'		Sun, tolerant to heat	3" purple shade blooms							

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Flower	Cuphea, Pink Shimmer	<i>Cuphea ramosissima</i>	ANNUAL	10 - 16"	12-18"wide	Sun, heat toerant	Small pink and white flowers. Make nice low borders							
Flower	Hollyhock, Red	<i>Alcea rosea</i>	BIENNIAL	5'-8'		Full sun	Sturdy and stately plant, long blooming, attract hummingbirds and butterflies. Plants will usually reseed and return year after year.			X				
Flower	HoneyWort 'Kiwi Blue '	<i>Cerinthe major 'Purpurascens'</i>	ANNUAL	2.5'		Full/Part Sun	Plants self sow yearly. Attracts pollinators. Unusual blue-green foliage			X				
Flower	Hyssop	<i>Agastache rugosa 'Astello Indigo'</i>	PERENNIAL	20"		Sun/Part Sun	Disease resistant, attracts pollinators, good cut flower, deer resistant		X	X			X	
Flower	Hyssop 'Bolero'	<i>Agastache bolero</i>	PERENNIAL	18"		Full sun	Attributes: Fragrant, bronze-colored foliage. Heat tolerant. Flowers from June to October. Attracts pollinators. Deer resistant.		X	X				
Flower	Joe-Pye Weed	<i>Eutrochium maculatum 'Atropurpureum'</i>	PERENNIAL	5-7'		Sun - Shade	Large fragrant wine-red flowers. Attracts butterflies. Native to U.S.			X				
Flower	Larkspur	<i>Larkspur 'Kaleidoscope'</i>	ANNUAL	3'		Full Sun	Good cut flower, resistant to deer and rabbits		X				X	
Flower	Larkspur 'Giant Imperial Mix'	<i>Consolida ajacis</i>	ANNUAL	3' - 5'		Full sun	Attributes: Attracts Pollinators, Deer Resistant, Pest and disease free.		X	X				

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Flower	Lavender, True	<i>Lavandula angustifolia</i>	PERENNIAL	2' - 3'		Sun/Part Sun	Attributes: Drought tolerant					X		
Flower	Mallow 'Dwarf Pink Blush'	<i>Malva sylvestris</i>	ANNUAL	20-40"		Full/part sun				X			X	
Flower	Marigold (French) 'New World Strawberry Blonde'	<i>Tagetes patula</i>	ANNUAL	8-10"	8-10"	Full/part sun	Trim spent blooms for continuous blooming; can be grown in pots or in ground							
Flower	Marigold 'Alumina Crème Brûlée'	<i>Tagetes patula</i>	ANNUAL	10-12"	12-14"	Full sun	Good in containers or front of garden beds							
Flower	Money Plant	<i>Lunaria annua</i>	BIENNIAL	2'-3'		Full sun part shade	Lovely cut flowers, translucent, silver dollar-like circles produced from ripened pods, used in dried arrangements						X	
Flower	Morning Glory	<i>Ipomoea luteola</i> 'Sunspots'	ANNUAL	60"		Full	Attracts hummingbirds			X				
Flower	Morning Glory	<i>Ipomoea nil</i> 'Split Second Red'	ANNUAL	4-7'		Full Sun	Tolerates drought and poor soil, rarely bothered by pests or diseases, attracts hummingbirds			X		X		
Flower	Nasturtium	<i>Tropaeolum majus</i> 'Black Velvet'	ANNUAL			Full/Part Sun	Deer resistant, attracts pollinators, blooms are edible		X	X				X
Flower	Poppy 'Falling in Love'	<i>Papaver rhoeas</i>	ANNUAL	18-30"		Full sun				x				

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Flower	Poppy 'Flemish Antique Shades'	<i>Papaver somniferum</i>	ANNUAL	2-3'		Full/part sun	best grown in early spring; may need support							
Flower	Poppy 'Black Swan'	<i>Papaver somniferum</i>	ANNUAL	2' - 3'		Sun/Part Sun	Attributes: Attracts Pollinators, Deer Resistant, Drought Tolerant		X	X		X		
Flower	Poppy 'Mission Bell'	<i>Eschscholzia californica</i>	ANNUAL	12"		Full sun	Attributes: Self-sowing plants year after year. Attracts Pollinators, Deer Resistant, Drought Tolerant, Heat Tolerant		X	X	X	X		
Flower	Rudbeckia	<i>Rudbeckia 'Cherry Brandy'</i>	ANNUAL	20"		Full Sun	Attracts pollinators, self sows freely			X				
Flower	Rudbeckia	<i>Rudbeckia hirta 'Caramel Mixed'</i>	ANNUAL	20"		Full Sun	Produces double and semi-double blooms from mid-summer through frost, attracts pollinators			X				
Flower	Rudbeckia 'Cherry Brandy'	<i>Rudbeckia hirta</i>	ANNUAL	20"		Part Shade	Large 3-4" blooms			X				
Flower	Salvia 'Hummingbird Coral Nymph'	<i>Salvia coccinea</i>	ANNUAL	2-3'		Full sun	Tender perennial grown as an annual; good heat tolerance			x				
Flower	Salvia 'Summer Jewel Lavender'	<i>Salvia coccinea</i>	ANNUAL	20"		Full sun	Good in containers, beds or borders			x				
Flower	Scabiosa Pincushion Flower, Starflower	<i>Lomelosia stellata</i>	ANNUAL	18-24"		Full sun to part shade	Pale blue & white celestial flowers, lovely fresh or dried

Flower	Snapdragon	<i>Antirrhinum majus</i> 'Appleblossom'	ANNUAL	12"		Full sun	Deer and rabbit resistant, good cut flower, attracts pollinators		X	X			X	
Flower	Snapdragon	<i>Antirrhinum majus</i> 'Lucky Lips'	ANNUAL	24"		Full sun	Deer and rabbit resistant, good cut flower, attracts pollinators		X	X			X	
Flower	Snapdragon	<i>Antirrhinum majus</i> 'Madame Butterfly'	ANNUAL	24"		Full sun	Deer and rabbit resistant, good cut flower, attracts pollinators		X	X			X	
Flower	Snapdragon, 'Night and Day'	<i>Antirrhinum majus</i>	PERENNIAL	18"	12"	Full Sun to Part Shade	Attracts Pollinators, Cut Flower, Deer Resistant, Good for Containers	X	X	X			X	
Flower	Sunflower	<i>Helianthus annuus</i> "Cherry Rose"	ANNUAL	4'-5'		Full sun	3-4" cherry red flowers tipped in lemon yellow, pollen free							
Flower	Sunflower	<i>Helianthus annuus</i> "Terracotta"	ANNUAL	5'-7'		Full sun	4-7" deep red flowers that evolve into warm orange and brown tones as the flowers mature, pollen free							
Flower	Sunflower	<i>Helianthus annuus</i> 'Earthwalker'	ANNUAL	4'-5'		Full sun	Copper-colored flowers, Attracts Pollinators, Easy to Grow & Maintain, Edible			X				X
Flower	Sunflower	<i>Helianthus annuus</i> 'Firecracker'	ANNUAL	3-4'		Full sun	Pollen free, 4"-6" bright red & gold flowers, cut flower, drought & heat.				X	X	X	

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Flower	Sunflower	<i>Helianthus annuus 'ProCut Plum'</i>	ANNUAL	4'-6'		Full sun	Produces a single 4-7", deep rose and mauve flower with buff accents, cut flower, drought & heat tolerant				X	X	X	
Flower	Sunflower	<i>Helianthus annuus 'Rouge Royale'</i>	ANNUAL	4'-6'		Full sun	3"-6" deep red flowers, attracts pollinators, cut flower, drought & heat tolerant.			X	X	X	X	
Flower	Sunflowers, Heirloom Beauties	<i>Helianthus annuus</i>	ANNUAL	5'-8'	2'	Full sun	Blooms Summer to frost; Attracts Pollinators, Cut Flower, Drought Tolerant, Heat Tolerant			X	X	X	X	
Flower	VERBENA, PURPLE TOP	<i>Verbena bonariensis</i>	PERENNIAL	4' - 5'		Full sun	Attributes: Tolerates heat and drought, deer and rabbit resistant. Attracts pollinators.		X	X	X	X		
Flower	Yarrow, Marshmallow	<i>Achillea ptamica</i>	PERENNIAL	12"		Full Sun	Drought and heat tolerant, deer and rabbit resistant.		X			X		
Flower	Zinnia	<i>Zahara "Double Cherry"</i>	ANNUAL	16-20"		Full sun	Deer resistant, attracts butterflies, petals are edible		X	X				X
Flower	Zinnia	<i>Zinnia e. x angustifolia "Profusion Apricot"</i>	ANNUAL	12-18"		Full sun	Deer resistant, attracts butterflies, petals are edible		X	X				X
Flower	Zinnia	<i>Zinnia elegans 'Cactus Flower Blend'</i>	ANNUAL	24-36"		Full Sun	Deer resistant, attracts butterflies, petals are edible		X	X				X
Flower	Zinnia	<i>Zinnia elegans 'Giant Purple'</i>	ANNUAL	36-48"		Full sun	Deer resistant, attracts butterflies, petals are edible		X	X				X

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Herb	Dill 'Bouquet'	<i>Anethum graveolens</i>	ANNUAL	2 - 3'		Full sun								X
Herb	Parsley, Italian Flat Leaf	<i>Petroselinum crispum</i>	ANNUAL	1' - 1.5'		Sun/Part Sun								X
Vegetable Fruit	Cucumber 'Armenian'	<i>Cucumis melo var. flexuosus</i>	ANNUAL	8' vines		Full Sun	Fruit 18"–36" long, 1"–4" wide, burpless, nearly seedless, tolerant of heat, technically a variety of melon!				X			X
Vegetable Fruit	Cucumber 'Tasty Green'	<i>Cucumis sativus (hybrid)</i>	ANNUAL	6'–7' vines		Full sun	Burpless; resistant to powdery mildew and tolerance of downy mildew							X
Vegetable Fruit	Melon	<i>Cucumis melo 'Sweet Passion'</i>	ANNUAL				3-4 lbs. fruit, flesh is very sweet, aromatic & very finely flavored, vine is drought & wilt resistant, prefer slightly sandy, very rich, well-drained soil.					X		X
Vegetable Fruit	Pepper 'Datil'	<i>Capsicum Chinense</i>	ANNUAL	1 1/2 - 3'		Sun AM Shade PM	Vicious heat, turns orange when ripe							X
Vegetable Fruit	Pepper 'Lesya'	<i>Capsocum annuum</i>	ANNUAL	2'		Sun AM, shade PM	Sweet pepper with juicy texture, red when ripe							X
Vegetable Fruit	Pepper 'Big Red'	<i>Capsicum annum</i>	ANNUAL			Full Sun	Large, 3 to 4 lobed blocky peppers, Deep dark red with thick walls, sweet							
Vegetable Fruit	Pepper 'Cajun Belle'	<i>Capsicum Annuum 'Cajun Belle'</i>	Annual	24"		Full Sun	Perfect combination of mildly spicy & sweet. Fruit ripens green to red and can be eaten at either stage.							X

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Vegetable Fruit	Pepper 'Sugar Rush Peach'	<i>Capsicum baccatum</i>	ANNUAL	Up to 5'		Sun AM, shade PM	Sweet pepper with with tropical flavor and peach colored fruits							X
Vegetable Fruit	Pepper 'Yummy Orange Hybrid'	<i>Capsicum annuum</i>	ANNUAL	18" - 24"		Full sun	Attributes: Nearly seedless and keeps well for a long time without refrigeration.							X
Vegetable Fruit	Pumpkin 'Cinderella'	<i>Cucurbita maxima</i>	ANNUAL		10' vines	Full sun	Fruit 12"–24" diameter, 6" tall', weighing 15–20 lbs each, "Flattened" shape with deep ribs, heat & humidity tolerant				X			
Vegetable Fruit	Pumpkin 'New England Sugar Pie'	<i>Cucurbita pepo</i>	ANNUAL				Fruit 4-5 lbs. The noted small sugar pumpkin of New England. The orange fruit has fine, sweet flesh that is superb for pies							X
Vegetable Fruit	Summer Squash 'Black Beauty '	<i>Cucurbita pepo</i>	ANNUAL	2'	3'–4'		Best picked at 6"–8" long, has very dark green, shiny thin skin with creamy white interior, Good for Containers	X						
Vegetable Fruit	Summer Squash 'Max's Gold'	<i>Cucurbita pepo (hybrid)</i>	ANNUAL	2'	3'–4'		Best picked at 6"–8" long, golden yellow, shiny thin skin with creamy white interior, small seed cavity, Good for Containers	X						
Vegetable Fruit	Summer Squash 'Round Zucchini'	<i>Cucurbita pepo</i>	ANNUAL	2'	3'		3"–4" globe-shaped, light green, with a smooth outer texture, Leaves often speckled/mottled with silver, Good for Containers	X						
Vegetable Fruit	Summer Squash Scallop/Patty Pan 'Benning's Green Tint'	<i>Cucurbita pepo</i>	ANNUAL		3'–4'		Pale green scalloped squash, 2" to 3" in diameter							

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Vegetable Fruit	Summer Squash 'Costata Romanesco'	<i>Cucurbita pepo</i>	ANNUAL	2'-3'	3'-4'	Full sun	Good for Containers, Best harvested under 12".	X						X
Vegetable Fruit	Tomatillo 'Purple'	<i>Physalis philadelphia</i>	ANNUAL	20"		Full sun	Requires at least 2 plants for pollination, fruit starts out green then turns purple as it ripens, much sweeter than the green types							X
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> 'Dwarf Desert Star'	ANNUAL	3-4'		Full sun	Cherry tomato, pale yellow fruit with balanced, sweet flavor. "Dwarf Tomato Project"							X
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> 'Dwarf Sonrojo Monster'	ANNUAL	36" requires sturdy support		Full sun	Fruit 8-18 oz, smooth, heart-shaped crimson pink fruit, delicious flavor. "Dwarf Tomato Project"							X
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> 'Dwarf Stony Brook Speckled'	ANNUAL	3-4'		Full sun	Fruit 3-6 oz, fruit is scarlet with jagged golden stripes, elongated, roma type, mild flavor; "Dwarf Tomato Project"							X
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> 'Dwarf Zoe's Sweet'	ANNUAL	4-5' requires support		Full sun	Fruit 8-18 oz, chartreuse-colored potato leaf plant, oblate-shaped, pink fruit; "Dwarf Tomato Project"							X
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> 'Mallee Rose'	ANNUAL	Dwarf plant		Full sun	Fruit weighs 5-14 oz, slightly ribbed, oblate-shaped, juicy, meaty, sweet flavor. "Dwarf Tomato Project"							X
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> 'Summer Sweet Gold'	ANNUAL	Dwarf plant		Full sun	Fruit 6-14 oz, smooth, yellow fruit, oblate-shaped, wonderful flavor. "Dwarf Tomato Project"							X

Category	Plant	Latin	Lifespan	Height	Width	Exposure	Attributes	Containers	Deer Resistant	Attracts Pollinators	Heat Tolerant	Drought Tolerant	Cut Flowers	Edible
Vegetable Fruit	Tomato	<i>Solanum lycopersicum</i> <i>'x Red Pride'</i>	ANNUAL	3'	18"	Full sun	Fruit 3", Determinate, disease resistant, Good for Containers, Cold and Heat Tolerant.	X			X			X
Vegetable Fruit	Winter Squash 'Lakota'	<i>Cucurbita maxima</i>	ANNUAL		10'-20' vines	Full sun	Fruit 8"-10" long, 6"-8" in diameter and 4-8 lbs, A superior baking variety, with an enticing, sweet, nutty flavor							X
